New products arriving weekly...

French moisturizing soap - lovely to look at and the fragrance fills your bathroom with freshness.

High gloss pillar candles are made in Sweden and come in fresh lime green, turquoise, fuchsia. Great in a lantern.

Luxurious bath towels from Gripsholm, Sweden are superior quality and beautiful - turquoise, green and white.

Fresh ideas to

Revitalize the look of your home

Add colour: Paint a room with a vibrant new colour, then consider jazzing it up with new pictures and wall decor. Bright candles in sparkling holders, opulent accent pillows and luxurious cushion covers in fresh colours and patterns will do wonders!

Revive: Replace old artificial plants with fresh new faux greens and fabulous flowers from Stockholm Inside. They are so lifelike, you'll wish you had rooted out the old plants earlier.

De-clutter: Remove extra stuff from your living space and keep the things you are crazy about. One new decorative piece can make a statement for the whole room.

Change the pictures on your walls. Today's prints are so reasonably priced that you can replace them every season.
